FAQ

Thank you for your interest in IEEE Education Week! Below you can find answers to some of our most frequently asked questions (FAQ). If you have additional questions, please visit www.educationweek.ieee.org or email at educationweek@ieee.org.

1. **What is IEEE Education Week (IEW)?**
   IEEE Education Week is a weeklong celebration of the educational opportunities provided by the world’s largest technical professional association and its many organizational units, societies and councils from around the world.

   IEEE offers pre-university STEM, university, and continuing professional education resources for engineers and technical professionals all over the globe! From local and regional activities, to webinars and online courses, to scholarships and events, and so much more, IEEE offers members and the global community a wealth of educational resources.

2. **When is IEEE Education Week?**
   IEEE Education Week is 4-8 April 2022.

3. **What is the audience for IEEE Education Week?**
   IEEE Education Week will feature resources for anyone who is:
   - An engineer or technology professional working in a technical field,
   - A university student or faculty member, or
   - Looking for pre-university STEM education resources and experiences to encourage the next generation of engineers and technologists.

   IEEE Members receive free and discounted access to many of these events and resources, so be sure to check them out! Not an IEEE member? Now is the perfect time to join to take advantage of all of its benefits (https://www.ieee.org/membership/join/index.html).

4. **Where can I find more information about IEEE Education Week?**
   The primary source is the IEEE Education Week website at educationweek.ieee.org.
   Sign up for updates by subscribing on our website via the “Stay informed!” tab.

   Or you can find us online at:
   - Email: educationweek@ieee.org
   - Facebook: www.facebook.com/IEEE-Education-Week
   - Twitter: www.twitter.com/IEEEEduWeek
   - Instagram: www.instagram.com/ieeeeduweek

   Posting on social media? Don’t forget to use our hashtag #EducationAtIEEE
5. **What are the overall goals of IEEE Education Week?**

IEEE Education Week aspires to:

- Increase global awareness and usage of the educational resources provided by IEEE within relevant communities
- Encourage educational collaboration between IEEE units

6. **How can I get involved?**

   - **If you offer an educational IEEE event, resource or special offer:**
     - Directions on how to submit your content details are at [educationweek.ieee.org](http://educationweek.ieee.org). Please note that all content must be reviewed/approved for inclusion, and some may be consolidated for space.

   - **If you represent an IEEE operating unit:**
     - Email educationweek@ieee.org to join as a partner.

   - **If you are an IEEE member/volunteer and want to get involved:**
     - Become an IEEE Education Week Ambassador and help us spread the word by sharing events and updates with your community. Email educationweek@ieee.org to become an Ambassador.

   - **If you want to highlight the benefits of your brand to a global audience of over 400,000 technical students and professionals?**
     - Sponsor IEEE Education Week! Email educationweek@ieee.org to learn more.

7. **How can I help promote IEEE Education Week?**

   A digital toolkit is available via [educationweek.ieee.org](http://educationweek.ieee.org) with all the resources you and your IEEE operating unit need to promote IEEE Education Week.

8. **I have more questions!**

   Submit your questions and comments via [educationweek.ieee.org/contact/](http://educationweek.ieee.org/contact/) or email educationweek@ieee.org.
